Edgebanding specialists

PVC + aluminium edgebanding

Digitally printed PVC edgebanding jumbo rolls

Decorative PVC edgeband with deep texture

Cantisa, specialists in products for edges and profile wrapping.

PVC & ABS edgebanding

Cantisa works closely with the main board manufacturers to develop matching edgebands for its latest designs. We have more than 2500 edgeband references in stock to give a quick service to our worldwide clients.

Furthermore, we are also introducing screw covers to match the most common board patterns.

Veneer products

Since our foundation in 1985 we are specialists in wood veneers. Thanks to this experience, we know every detail of these products, reaching the highest quality level.

Also, we make a responsible use of natural resources. Our wood comes from FSC® Certified Forests.

Innovation and design

We are committed to innovation in materials and designs to offer the best edgebands in the market.

Also, our **Décor Programme** collection is conceived to add value to furniture and interiors, since the edgeband takes center stage and becomes a decorative element.

Extra-flexible wood veneer
